PICC TRAINING CLASSES PLUS MORE!

EVIDENCE-BASED QUALITY TRAINING

We strive to offer no less than excellence in our services. Classes and programs are developed and taught utilizing industry standards and guidelines for PICC and Midline insertion, care, and maintenance by U.S. and international organizations that ensure quality and safety in venous access. The class content of the PICC and Midline Insertion program meets and exceeds current standards for PICC and Midline insertion training.

Training Beyond the Classroom: No time to attend a 2 day program? This program offers a solution and the best of online and live instructor-led. The program meets and exceeds industry guidelines combines hands on learning and independent study at your own pace training in one program.

Flexible Individualized Education: The PICC and Midline Private Class offers more one-to-one instructor time and flexible self-scheduled class dates to better fit education classes into busy schedules. The program offers high quality learner-focused education.

There is no commercial support, sponsorship, or conflict of interest for this educational activity.

Other Programs: In addition to PICC and Midline insertion, we offer a variety of comprehensive vascular access training programs in short peripheral IV catheter insertions, phlebotomy, essentials of infusion therapy administration, ultrasound-guided peripheral IV insertion (USG-PIV), ultrasound-guided midline insertion and other vascular access programs.
